

2018-2019  
WELCOME LETTER

Dear Parents,

Thank you for your interest in Bethany Cub Club, a ministry of Bethany Church. Our mission is to serve families by helping their children love God, enjoy learning, and care for others.

We believe that each child is a gift from God, and that He created your child with the uniqueness that no other child possesses. Psalm 139:13-14 says, “For you (God) created my inmost being; you knit me together in my mother’s womb. I praise you because I am fearfully and wonderfully made.” Therefore, our desire is for all of our students to begin to understand that God has designed them and that He wants to be in relationship with them.

Bethany’s Cub Club teaches the whole child through training in four developmental areas—physical, spiritual, mental, and social—using multi-sensory experiences and lessons. Brain research tells us that what children experience in the first few years of life largely determines how their brains will develop and how they will interact with the world throughout their lives. Our goal is to make their early learning experiences positive, engaging, and Christ-centered.

We are committed to your family, providing the very best teaching skills and care. We count it a privilege to serve you and your children.

In His Service,

Susan Bickham  
Bethany Cub Club Director
